Saving Time, Money, Staff & helping parents!

Cloud-based communication & technologies

Parent2Driver

Cloud-based communication services

- Reduce the department's inbound phone calls by up to 40%. **Parent2Driver** cloud-based technology allows parents to send requests instantly to the dispatcher's console via their mobile phone
- Parents can request resume rides, no rides, ETAs in less than 60 seconds. Skip the phone call. No more waiting on hold
- Your organization's monthly cost is based on the size of your department. A one-time setup cost is charged separately. Bundle and flat rates are available

Automation

Cloud-based automation services

- Why are you still using paper DVIRs? Drivers deserve an alternative to paper. We provide an option that's convenient, cloud-based and easy to use. Instantly **capture all DVIR data** and forward it to the right people in the right places
- Capture **route & trip** data too! No paper, no pen, no sorting, no filing cabinets
- Monthly cost is based on the size of department. A one-time setup cost is charged separately. Bundle and flat rates are available. Rates starting as low as \$99 per month

Virtual

Virtual services

- Class schedule posted in advance; virtual classroom is set up. Drivers request a login link, then log in, train, **DONE!**
- All classroom instruction is given in the presence of a California state certified instructor of the appropriate class. Classes are monitored. Attendance sheet is provided
- Need a virtual training room? We'll set up your virtual training event and invite your desired attendees. Virtual rooms are \$75 per hr. (Min 1-hr.) plus a \$15 setup fee. Availability is first come first served
- Live virtual in-service & renewal classes - unlimited attendees per district

Content Creation

Customized Training Material

- Provide the topic and we'll provide the content. Minimum 15-minute informative training presentation. PowerPoint, video, or hard format
- Convert employee handbook topics into effective in-service training material. Help employees understand or learn new or current policies and procedures
- Present material in an in-person or virtual setting. Offer training in an on-demand format
- Content creation is \$150 per hr. with a 4-hour minimum
